

**Sprint 3: 2/13/2023 - 2/19/2023**

**Step 1: Check Sprint Capacity of each member for the duration of the sprint.**

Member:	Abhay	Anh	Aster	David	Sierra
2/13/2023	3	0	0	6	6
2/14/2023	2	2	1	1	2
2/15/2023	3	1	0	5	6
2/16/2023	2	3	1	1	5
2/17/2023	2	3	5	1	6
2/18/2023	2	4	5	5	0
2/19/2023	6	2	3	5	0
Est. Capacity(hours)	20	15	15	24	25

## Team Total Capacity

79

**Step 2: Grab work items from project backlog to get close to but under team capacity. Then break it down to tasks.**

User Stories	Estimated Hours
As a User, I will be able to authenticate and have authorization to actions allowed	20
As a User, I will have my actions logged.	10
As a User, I will be able to follow the designated flow designed for a successful Document Search.	15
As User, I will be able to recover my account using valid credentials.	20
As an authorized User, I will be able to delete an existing account that I created.	20

Tasks	Estimated Work Hours to Complete
Authentication - LLD Success	5
Authentication - Testing	5
Authentication - Frontend	1
Authentication - Backend	4
Authorization - LLD Success	2
Authorization - Testing	3
Logging Code Fixes	10
Document Search - LLD Success	15
Account Recovery - Request OTP	10
Account Recovery - Authenticate	10
Registration Code	10
Account Deletion	10

**Step 3: Task Breakdown to Assign/Divide the tasks to each member.**

[illegible]

		Abhay	Anh	Aster	David	Sierra			
Total Estimated Work Hours		20	10	15	20	20			
Total Individual Capacity		20	15	15	24	25			
Step 4: Does everyone agree with tasks and hours for each member Yes or No? If no we either change tasks or work capacity.						Team Total Capacity			
Abhay	Yes					99			
Anh	Yes								
Aster	Yes					Total Work Taken			
David	Yes					85			
Sierra	Yes
